COVID-19 Protocols/Conditions for Use for the CIH Arena

Your health and safety is our first priority. We have been working closely with the Eastern Ontario Health Unit in order to ensure that we can all return to play safely. It is now everyone's responsibility to ensure safety by following these protocols.

It is the responsibility of the contract holder to ensure that all participants are aware of and adhere to these conditions.

1. **All individuals will need to complete** an online assessment prior to entering the facility, which is available at the link below or on our website under COVID 19.

Any person who enters or uses the facility must maintain a physical distance of at least 2 meters from any other person who is using the facility. **All individuals must wear a mask at all-times inside the facility.** A mask is required in the dressing room and between the room and the ice surface, but is not required when on the ice.
3. Indoor ice use may resume, so long as participants do not allow prolonged or deliberate physical contact between players.
4. One spectator per MINOR child (the accompanying guardian only) is permitted in the ice pad area to watch. Parents are still not allowed in the dressing rooms. Spectators are to remain in the ice pad area (dress warmly) and are NOT to be wandering around the arena hallways/lobbies at any point, during the rental and are to leave and wait outside for their child to exit after the rental. Associations will designate a volunteer attendant to welcome their spectators at the door and oversee the Spectator Protocol during the event. All spectators are required to follow protocols.

5. Once we are able to welcome spectators, one spectator per child (the accompanying guardian only) will be allowed. Contract holders are responsible for designating a volunteer attendant to welcome their spectators at the door and screen them using the provided questions.
6. Change rooms will be assigned with a limited capacity per room. Special requests for rooms are not available and no changes are permitted. It is recommended that participants arrive ready to play as much as possible, showers remain closed and no access will be permitted. Participants will have access to the building/dressing room **15 minutes** prior to their booking and must vacate the building **15 minutes** after their booking. **NO LOITERING** is allowed anywhere in the building.
7. The **maximum** number of skaters permitted on the ice at any time is 25.
8. Activity organizers are to take attendance for each date on the contract and for each group accessing the space during the rental period and **records must be kept for twenty-one days (21)** for the purpose of tracing in the event of a COVID-19 outbreak.
9. Players are encouraged to bring their own equipment. Equipment being used during the practice should not be shared between players. Any shared/team owned equipment must be sanitized between each use. Sanitizing products must be provided by the **contract holder**.
